## Easy Perfect Microwave Steamed Green Beans

These beans are perfect and delicious every time!

- 2 pounds fresh green beans
- 2 tablespoons water
- 1 teaspoon soy sauce
- 1 tablespoon of butter Add two tablespoons of water to the dish and place a microwave safe plate on top. Microwave on high for five minutes. Carefully remove plate (the steam will be hot), test and see if they are as tender as you would like them. (The exact time will depend on your microwave). If they aren't tender, recover and microwave another 3 minutes.
- Remove from the microwave, drain the water and sprinkle with a teaspoon of soy sauce and add a tablespoon of butter, letting it melt over the top. Mix well and serve.
- Snap off the stems of the green beans. Cut them into 2 inch pieces. Rinse them well to clean them and then place them in a microwave safe dish.
