

Roasted Cauliflower, Quinoa and Spicy Walnuts

I discovered this DELICIOUS combo when I was combining leftovers

for a lunch.

I had leftover [Garlic Lemon Parmesan Roasted Cauliflower](#), cooked [quinoa](#), and some of the toasted seasoned walnuts from this [Arugula, Chickpea, Walnut, Fig, Goat Cheese salad](#) recipe.

Mixed them together in a bowl and heated in the microwave. One bite is all it took to realize I had to turn this into a “recipe” and recreate it time and time again!
